

## Ideas for Moore College Sunday

Thank you for your partnership with us at Moore College, particularly through supporting Moore College Sunday (MCS). This year we are encouraging people to partner with us in prayer, provision and people.

Below are some suggestions for a 7-10 min time-slot in your church meetings on Sunday Aug 7th, but feel free to do what you think will be best in your context (including changing to a more convenient date).

### 1. Visual Presentations – Viewable through the College Website

- Video: There is a selection of videos available for use on the day. Please select one that is appropriate for your congregation.
- Visual Presentation: that showcases the 3 P's of Partnership. This presentation can be used to demonstrate how individuals and congregations can be involved in partnership in prayer, provision and through people. You will need to familiarize yourself with this presentation, and then briefly explain the 3 ways to partner. There are two versions of this presentation: short and longer. If you use the longer presentation it would be good to go through the slides that explain how people can subscribe to our quarterly prayer points, as well as how to give financially.

### 2. Interview

If you have a Moore College student in your church, you could interview them about their experience at college. Or else you could have an interview a graduate of the college, including yourself. Following are some interview suggestions (there are more questions than you need, so pick a few that you feel comfortable answering, although it would be great if you could include the last three):

**Why are you at college? (or Why did you go to college?)**

**How long have you been at college? (or When were you at college?)**

**What does/did an average week look like?**

**What's something you love/loved about college?**

**What's something you find/found hard?** *(NB Be wise about how you speak about the hard things)*

**How can we support you and Moore College?** Highlight the 3 P's: Prayer, Provision and People. *(NB Point them to the prayer points on the slip; add your own prayer points; you could also mention giving to the financial needs of the college – let people know they can continue to pray for and support the college, by signing up for regular prayer points or on-line giving all through the website, or by calling the college – details on the leaflet)*

**Who should come to Moore?** *(we'd love to invite people to come and join with us as we learn together through Moore; there's something for everyone! eg distance learning through the Certificate, incl. on-line; external studies evening classes in 5 locations around Sydney; diploma or degree; part-time during the day at Newtown or in the evening in the city at St Andrews Cathedral School, full-time, not just for those wanting to do paid vocational ministry)*

**How can someone 'check-out' Moore?** *(speak to you; come to one of the info nights or open day- details in the MCS leaflet; visit the college-sit in a class, join us for lunch, meet one of the lecturers; check-out the website-on MCS leaflet, or the course brochures)*

### 3. Prayer

Prayers for the College can be found on the back of the MCS flyer. We'd love you to give out the flyers to everyone if you're able to. If you'd like flyers please email [tara.thornley@moore.edu.au](mailto:tara.thornley@moore.edu.au) and we'll try to get them to you by Aug 7. The Prayer Points are below for circulation electronically prior to Sunday. You or someone else can lead in prayer about these things, adding in your own personal prayer points.

#### Praise & thank God:

-for the quality of students that come to college, their humility in learning & enthusiasm to serve  
-that there are over 7000 external studies students & for progress in the on-line learning environment  
-for the 15 mission teams that partnered with churches, including St Andrew's Kowloon in Hong Kong  
-for our graduates service in a diversity of places around Sydney, Australia & the world  
-for the new Centre for Christian Living aimed at helping people follow Jesus' Lordship in all areas of life

#### Pray:

-that the college remains faithful to the gospel of our Lord Jesus Christ in all its teaching  
-for those who heard the gospel from the mission teams  
-that students will be well-equipped for the ministries God leads them into  
-that many people consider studying at Moore in 2012  
-for wisdom for the future development of the college

### 4. Handouts

If you'd like some general college brochures plus some open day invitations, please email [tara.thornley@moore.edu.au](mailto:tara.thornley@moore.edu.au) and we'll try to get them to you by Aug 7.

*Thank you again for your partnership with us through Moore College Sunday.*
